Spending free time is important for relaxing, learning, and having fun. Everyone has different hobbies. Some like indoor activities like reading books, cooking, or playing board games. Others enjoy outdoor activities like walking, hiking, or practicing sports.

Talking about hobbies is a great way to meet friends and learn new things. Afghan teens like Hameed, Laila, and Samira often share their favorite activities after school. Hameed enjoys playing football, Laila likes cooking traditional Afghan dishes, and Samira loves taking photos of gardens and mountains.
