Teaching English as a Foreign Language

Our Programs

All programs are delivered through our **Digital Blended Learning Model**, combining self-paced online content with live instruction and AI-powered practice. Whether you are a beginner or an experienced teacher, there is a program designed for you.

NOVA DEL – Diploma in English Language

A comprehensive **one-year flagship program** spanning Pre-A1 to C2 Mastery, fully aligned with the Common European Framework of Reference for Languages (CEFR). Live classes — enrolling now.

NOVA Walk & Talk – Special Speaking

A focused **three-month intensive program** to build speaking fluency and confidence, inspired by the AJ Hoge Effortless English Method. Live — enrolling now.

TEFL – Teacher Training Program

A **three-month certification program** for teaching English as a foreign language, equipping educators with internationally recognized skills and methodology.

TOEFL Mock-Up Tests

Practice sessions for **international English proficiency exams**, helping students prepare for globally recognized assessments with confidence.

Our NOVA Book Series

The NOVA Book Series is the backbone of our DEL (Diploma in English Language) program. Each book corresponds to a specific CEFR level, guiding learners from absolute beginner to advanced proficiency through a structured, progressive curriculum built around the principles of Study, Practice, and Speak.

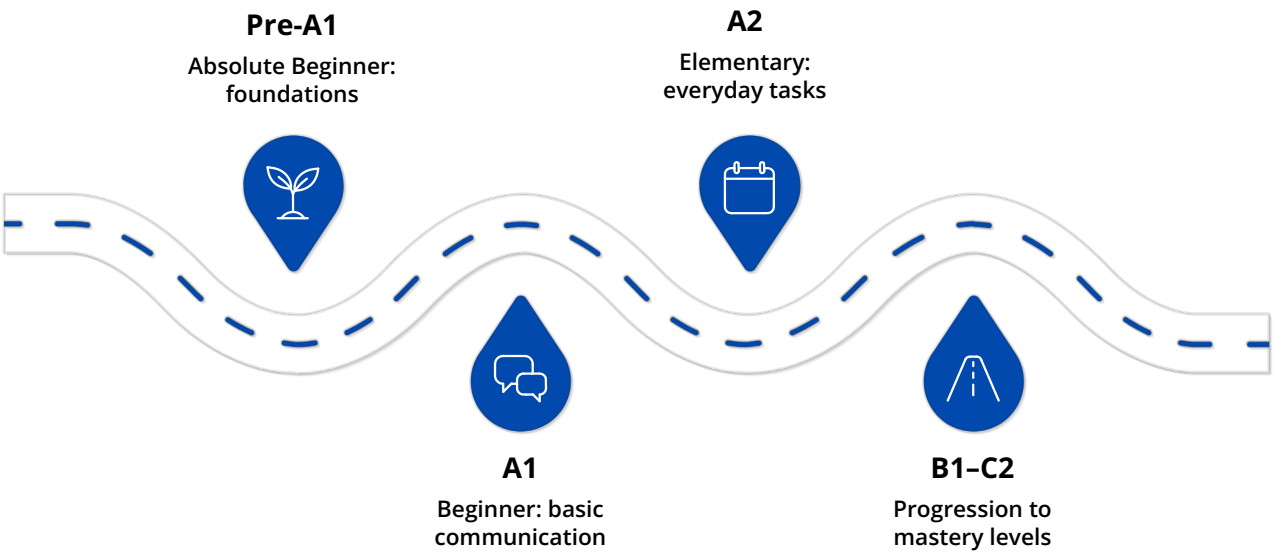

Learning Journey – CEFR Pathway

From beginner to mastery, a structured pathway to fluency

Our Technology Ecosystem

We provide a complete digital learning experience through our integrated platform at **AfghanEnglish.com**, available in both Pashto and Farsi. The LMS brings together everything a learner needs — from structured video lessons and interactive quizzes to gamified learning and a mentor-led community — all in one place.

Student Dashboard

Personalized progress tracking so every learner knows exactly where they stand and what comes next.

PDF Books & Video Lessons

Full digital curriculum with structured video content and downloadable study materials for every level.

Interactive Quizzes

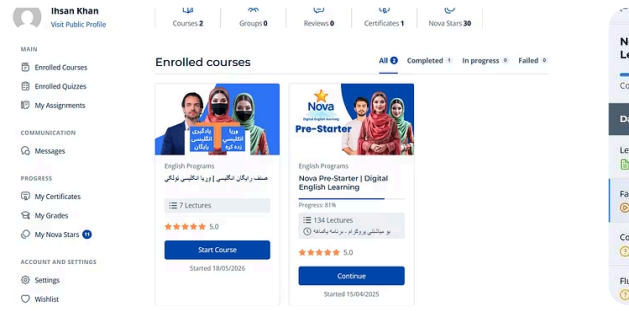

Instant feedback through quizzes and pronunciation practice exercises embedded throughout each lesson.

Learning Games

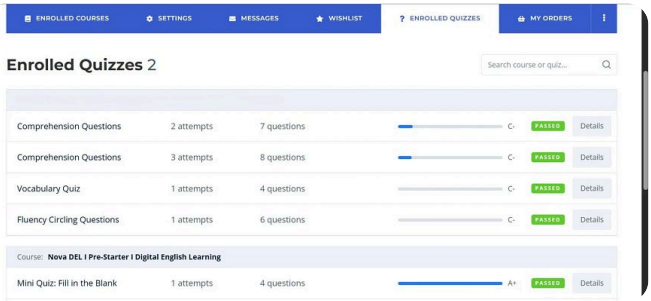

Gamified learning experiences that keep students engaged and motivated throughout their journey.

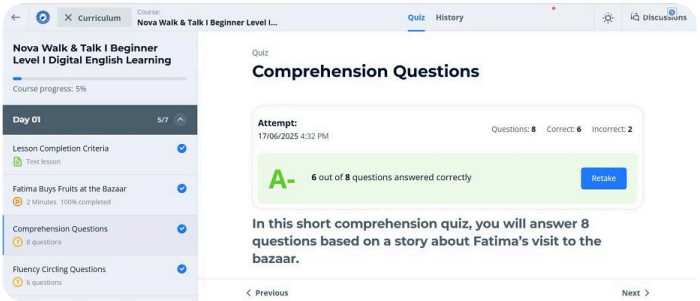

Mentor-Led Community

A collaborative space where learners connect, share progress, and receive guidance from experienced mentors.

Live Classes, Dost AI & Certification

Live Online Classes

Real-time interactive classes with qualified trainers and fellow students create a collaborative, motivating learning environment. Students benefit from direct instruction, peer interaction, and immediate feedback — replicating the best aspects of a physical classroom in a fully digital format accessible from anywhere in Afghanistan and beyond.

Dost AI – AI Speaking Partner

Every enrolled student receives access to **Dost AI**, enabling 24/7 voice conversation practice. Rather than replacing teachers, Dost AI extends learning beyond the classroom and gives students unlimited opportunities to practice spoken English — including dedicated pronunciation practice with audio clips. Over **10,000+ Dost AI conversations** have already taken place across our student community.

QR-Verified Certification

Every successful learner receives a secure digital certificate with QR code verification, easily shared and authenticated with employers, universities, and international organizations. The platform is fully mobile-responsive, allowing learners to access courses on any device, anywhere.

- 1,000+ certificates issued to date — each one a door opened for an Afghan learner.
